

## ***PTSA - your pathway to connect!***

This is your opportunity to **make connections** in the **LSHS Parents, Teachers, Students Association (PTSA)**. *Lee's Summit High School PTSA* is the one organization that connects and supports the **entire student, parent and teacher/admin population at LSHS**.

As parents - our engagement and involvement with other parents, students and teachers in the high school years is just as important as it was in the grade school years - maybe even more important! Please join this organization that drives the connections!

What do your PTSA membership dollars and volunteer hours do?

The Winter program planned at the end of January will provide Enrollment Fair and Career path information for all students to prepare you to have good conversations with your student for their enrollment conferences and course selection as well as graduation and planning information for parents of seniors.
